INSPIRED BY
THE ART OF IKEBANA

Soaring 62 storeys high, the iconic twin tower residence of ZYON GRAND is set to transform into a new icon near Singapore's coveted River Valley precinct. Petaline eaves wrap around the towers, blooming at the crown. Elegant and evocative, like floral centrepieces in the sky.

AN ICON
BEYOND COMPARE

Designed by world-renowned Japanese architecture firm Nikken Sekkei in collaboration with ADDP Architects LLP, ZYON GRAND is an unrivalled integrated development crowned by two stunning residential towers infused with Japanese sensibility and refinement.

Amongst the tallest towers in the district, they rise as iconic beacons on Singapore's skyline, offering unparalleled views of Marina Bay and Sentosa. Like a flower that transforms – and in doing so, transforms its surroundings – ZYON GRAND transcends the ordinary, elevating urban living into an extraordinary experience.

A defining vision of Nikken Sekkei, ZYON GRAND is the latest in a portfolio of iconic projects around the world, which includes the Singapore Rail Corridor Master Plan, Tokyo Skytree (Japan) and One Za'abeel (Dubai).

All residential units come with energy-efficient air-conditioning systems.

Energy-efficient lighting design with use of LED lighting and motion sensors at common areas.

Energy-efficient lifts with regenerative drive, VVVF (variable voltage variable frequency) drive and sleep function mode.
